

"MERRY CHRISTMAS SONG"

1st version.

One, two, three, four

Here comes Santa in his sleigh
Those silver bells they sound so gay
His shiny sleigh is heaped with toys
To give to all good girls and boys

Do it again (explaining: to repeat the piano phrasing)

With dolls and golliwogs and clockwork trains
Prams, tin soldiers and little model planes, aum...
Going to fill your stocking so long as you've been good
As I'm sure that you have because you know you should

Middle eight (..... laughs)
Have I got to sing that?
Yes (laughs)
You don't sing, you just say

Okay.
All right?
All right
One, two, three

Cheerful face is wreathed in swirls (explaining: Santa's face is
wreathed in a beard full of swirls...)
Can see him coming for miles and miles
As he passes by he'll catch your ear
With 'Merry Christmas guysh, and a Happy New Year' (laughs)
Man...
Shout it out as a cheery Christmas greeting, Alan! (laughs)
Yeah, shout that one out, right?

Turkey and sausages and Christmas pud'
Have another helping John - Oh I don't think I could (laughs)
Christmas parcels under the tree
None for you and six for me
